Be part of our  
success story...

# hello

## **So, you're interested in finding out more about working for Amacus - where do I begin?**

I'm Christine and I set up Amacus in 2003 after spotting a gap in the market for training and development which really delivered what employers needed and which made their business better.

Armed with lots of research, my little black book, a comfortable pair of high heels and lots of get up and go, I set about building our business from the original office in Sunderland's Business and Innovation Centre.

Since then we've gone from strength to strength!

In Judith, our Operations Director, I met a like minded soul with the same drive, enthusiasm and values and knew we were now set to take our business forward.

We have always specialised in leadership and management training with an Amacus twist - a style of delivery which we think makes us unique, and now we are just as well known for our expertise in health and wellbeing and personal development now branded Geared4Success.

We work with a great range of customers across the region from NHS, Tyne and Wear Fire Rescue Service, North East Tyres and Exhausts, Tallent Automotive to the 21 Hospitality Group.

We're really proud that much of our business is won against stiff competition, but we shouldn't be surprised by that - we put a lot of hard work in and it pays off.

In 2009 we won the NHS contract to deliver Workplace Health and Wellbeing including the Better Health at Work Award and we've loved every minute. It's been such a success that the contract has increased significantly in size, going from strength to strength. We also formed a formidable partnership with Gateshead College, one of the region's most outstanding colleges, which has broadened our horizons even further (if that was possible).

**From little acorns large trees grow and we have been growing year on year, even in a difficult economic climate. We now have premises in Hartlepool, Gateshead and Sunderland and a team of fantastic individuals.**

And there is nothing more important to us than 'team' - our success doesn't come on the back of any one person, it's a collective effort.

# We're all part of the Amacus success story - we are now looking for others who want to be too, **could that be you?**

## What's it like to work here?

Well, I asked my team and, in no particular order they say it is...

- Hard work
- Busy
- Varied - 2 days are never the same
- Close team - we get on really well
- Everyone gets stuck in - don't be afraid to get your hands dirty
- Lots of support there when you need it
- Very rewarding
- Challenging
- Lots of fun
- Oh and lots of sweets!

## Single best thing about working for Amacus?

- **The opportunity to contribute to the growth of a really exciting business!**

## Are you interested in us? Do you think we'd be interested in you? Send us your CV...

### Application Process

To apply please send an up to date copy of your CV by email to [judith@amacusltd.co.uk](mailto:judith@amacusltd.co.uk) and make sure you include references.

We'd also love a covering email, which gives us a feel for what you are like and why you think you'd be right for the job and for us (and us for you!).

The closing time for the application will be on the job description.

We'll let you know when we receive your CV.

We'll make a shortlist of the people who best match the personal specification for the job in question and will invite them in for interview.

You may be asked to take a test as part of the process.

Offers of appointment are subject to receipt of satisfactory references, medical clearance, verification of qualifications, satisfactory CRB checks and verification of eligibility for working in the UK.

**Good luck!**
